

Hiwassee Float Trip
Waiver of Liability

I understand that precautions will be taken to have a safe trip floating, and even though the Hiwassee River is considered very mild, there is always the possibility of an accident when participating in outdoor water activities. I understand that participation in this activity is not required, and that in the event of an accident, I will not hold Mrs. Carey, Mr. Haynes, the Bradley Central High School or the Bradley County Board of Education responsible.
